Equipment Service

Forklift Maintenance

Our Raymond certified technicians are experts at providing the maintenance your forklifts need, and are able to have you moving product at full capacity in no time. Proper maintenance of your forklifts is critical to maximizing productivity and up-time. We inspect and maintain your forklift at specified intervals and help you minimize major mechanical issues - before they happen. Comprehensive Service takes things one step further by guaranteeing a fixed monthly cost on parts and labor.

Industrial Battery Service

Raymond Storage Concepts provides complete industrial battery service for all battery brands with our exclusive, self-contained Industrial Battery Care Unit (IBCU). Our industrial battery technicians provide a premium service that cleans and neutralizes your industrial batteries within our IBCU, eliminating the possibility of these contaminants reaching your facility.

Industrial Battery Watering

Battery watering and the amount of water required for a battery depends on the application, battery temperature, and the amount of time the battery is in use. In addition to proper maintenance of your industrial battery fleet, your facility charge practices are equally important to maximizing the life of your battery. Making sure your battery is equalized once a week is critical to the performance and life of your battery fleet.

Commercial Door & Dock Maintenance

Raymond Storage Concepts, Inc. is committed to providing the best commercial door service in the industry. We have a fully dedicated divisions with industry experienced technicians who specialize in and service all types of loading dock equipment, rolling steel, sectional and high speed performance doors. We pride ourselves on having the fastest response times, best customer service, and the highest quality of workmanship in the industry.

Conveyor Maintenance

With the most comprehensive and responsive conveyor maintenance program in North America, Raymond can help you optimize the uptime, performance, and longevity of your equipment. Our scheduled maintenance program for conveyors includes all necessary checks, adjustments, and lubrications.

Kardex Remstar Service

Raymond Storage Concepts has full installation capabilities, routine and breakdown maintenance for your Kardex Remstar products. Regardless of the configuration, shuttle or carousel. We'll inspect for proper operation, function of all safety features, make any needed adjustments, and apply lubricant to all required points to maximize your storage and retrieval productivity.
